

STORYVALUES presents: Cheryl Thornton's

Creating a Positive Learning Climate

A School Assembly or Family Literacy Event

For over ten years Cheryl Thornton has brought her K - 8 drama and storytelling programs to hundreds of schools throughout Southern Ontario. Cheryl has a MFA from New York University, has appeared on CBC, TVO, Roger's Cable and is co-developer of the [Storyvalues Interactive](#) online resource.

The **Creating a Positive Learning Climate** assembly is a 60-minute interactive performance for Kindergarten to Grade 8 schools that features myths and folktales that model positive behavior and cooperative attitudes.

This engaging and educational program provides students with the opportunity to participate in bringing timeless myths and folktales to life in front of an enthusiastic live audience!

Students become familiar with stories from diverse cultures throughout the world as they explore their creativity and expand language, cooperative learning and communication skills.

This program is also ideally suited for Family Literacy Events.

The presentation also includes free access to **Storyvalues**, Cheryl's online storytelling resource, where students are challenged to take *The Storyteller's Journey*, exploring folktales, art and music through videos, games and puzzles.

Fee Structure
